Dear Governor Strickland:

I/we are writing this letter asking for your help in obtaining autism services in our area.

I have been touched in my life by autism. _____, age _____, has been diagnosed with autism. In speaking and knowing his parents, _____, I/we find that there is a lack of educational services, medical services, and respite services in this area.

I/we would like to see increased funding to support individuals with autism and their families. We would also like to see a law enacted by the State of Ohio governing the educational programming for individuals with autism.

I/we support individuals with autism, their families, and this community.

Sincerely,
